

Dear Parishioners,

We hope you are all staying healthy and well!

The Finance Committee wants to thank all parishioners for their ongoing support and dedication to the parish. We continue to work with the Archdiocese to help grow our community and maintain our financials.

The Committee met on May 17th, June 9th, and June 16th. The following items were on the agenda:

1. Currently looking for accommodations for Fr. Chukwuemeka. Thank you to Claude Jolicoeur for taking the time to take Father around and find a nice location.
2. The Committee is greatly concerned that the loosening of COVID restrictions has not improved month-to-month financial results. We are actively looking at Parish needs, sources of revenue, and parish expenditures in order to develop a plan to ensure sustainability.
3. Fundraising opportunities: We are looking at ways to increase revenue in our parish and if you have any ideas or skill set, or would like to be a part of a fundraising committee; please email the finance committee.
4. Safe Work Environments – this ensures that all employees and volunteers in identified areas of ministry produce a criminal record and/or child abuse registry check.

We have included the quarterly report as promised for financial transparency. The finance committee is pleased to see the formation of the parish council and looks forward to working together to build a cohesive parish welcoming to all.

On behalf of the Finance Committee,

Jaime Siska
Chairperson
